

Sisters and Brothers, Members and Friends,

*May each of you celebrate this season of renewal and love,
with Charity and Kindness.*

*Let us all encompass the light that shines so brightly for
each us.*

*Let us gather in celebration of Hanukkah and Christmas
And be the light that our sisters and brothers need in
this time of need.*

*We will, hopefully soon, be able to gather and show the love,
charity and inclusiveness that our Father gave to
each of us.*

*David and I ask that you stay safe and celebrate with
caution and in the peace and safety of your home.*

With love and spirit of this wonderful season.

*God's grace and blessings be with each of you during this
Holiest of Seasons.*
